Conflict Minerals* Policy Statement

(Ref: Sect. 1502 of Dodd-Frank Wall Street Reform and Consumer Protection Act
Regulation (EU) 2017/821 of the European Parliament and of the Council of 17 May 2017)

Forge Fedriga Srl is a private-owned company and it is not publicly traded on the Italian Stock Exchange or other international securities Exchanges. **Forge Fedriga Srl** is an open-die forging of special steel, carbon steel, alloy steel, stainless steel, duplex & superduplex, superalloys and titanium. The starting material (steel ingots) is bought from steelmakers.

Some steel ingots forged by **Forge Fedriga Srl** require in their technical specifications a value of Tungsten (W) within a determined range but it's not intentionally added by **Forge Fedriga Srl**.

Forge Fedriga Srl does not purchase any derivate of conflict minerals* directly from the smelters but it's **Forge Fedriga Srl** corporate responsibility to operate its business activities fairly and ethically by respecting human rights and by complying with laws and regulations. In order to do so, **Forge Fedriga Srl** has established a purchasing policy of its starting materials (steel ingots) with its approved steelmakers as these declare that the material supplied does not contain conflict minerals* originated in DRC, adjoining countries and/or in other conflict-affected and high-risk areas as defined in Regulation (EU) 2017/821.

***: Conflict minerals** also known as **3TG** (“**Tin, Tungsten, Tantalum, and Gold**”)
